From (Name) Diwan Bahadur Dr. B.Sundara Raj, M.A.,Ph.D.,
(Designation) Director of Fisheries.

To The Secretary to the Government of Madras,
Development Department.

Sir,

(D)

Ref: G.O. No. Ms. 545 Development dated 6th March 1937.

In paragraph 3 of G.O.No. 545 Development dated 6th March 1937 the Government approved my proposal to acquire at a cost not exceeding Rs.170/-, 1 acre and 60 cents of land in S.No.73-3 of Hejmady village in Mangalore Taluk and asked the Collector of South Kanara to take steps to acquire the site. The draft declaration under Section 6 of the Land Acquisition Act for the land has

already

(E)

already been issued in G.O. No. Ms. 1827 Development, dated 10th August 1937.

2. In October last the Collector of South Kanara pointed out that as there is no independent access to the land from the sea-shore it is necessary to make provision for a strip of land on the southern side of the site and to acquire that also as otherwise it will be difficult to utilise the plot acquired for the yard for the purpose for which it is intended. The Revenue Department has valued the additional strip for a path suggested by them at Rs.124-8-3. The Assistant Director who was consulted in the matter reported that the proposed pathway to the sea-shore may be acquired subject to the consent of the prospective curers. The curers in their statement dated 27th November, 1937 (copy enclosed) have agreed to pay cess for the acquisition of the pathway and I have informed the Collector about it.

3. In addition to the sum of Rs.170/- sanctioned for the acquisition of the site, a sum of Rs.124-8-3 is necessary for the acquisition of the proposed pathway. I have the honour to request you to move Government to sanction this additional expenditure. The expenditure can be met from the provision made under 'Miscellaneous Loans and Advances - D. Loans relating to the Fisheries Department - Advances to Fish curers for storage sheds' in the current year's budget.
